

## Hand Operated Curtain Track System

# Silent Gliss® 1221

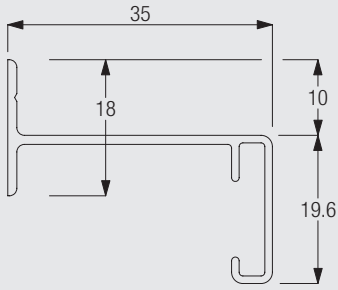

### Product Information

- Robust wall fix hand operated curtain track for medium weight curtains in contract applications
- Ideal and widely used for hotels, schools, hospitals, etc.
- Outstanding gliding properties as glider moves on profile edge, minimizing friction
- The eye of the glider is thrown forward to avoid friction with curtain heading yet remains in perfect balance
- The quick-clip gliders 3933 can be easily added or removed without taking track down or apart
- Discreet direct to wall fixing to all surfaces
- Standard colour: white powder coated
- Standard length of the profiles is 5m or 6m
- System 1221 is not pre-drilled to avoid impairing appearance from the room

## Profile Information

1221

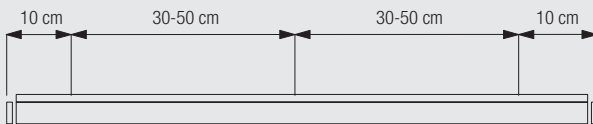

Cannot be bent

Specification Guide - download from [www.silentgliss.co.uk](http://www.silentgliss.co.uk) (password required).

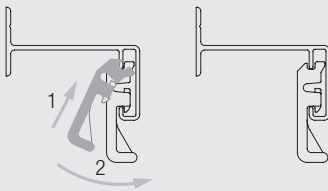

Silent Gliss 1221 hand drawn curtain track in white powder coated aluminium. Fix track to wall with self-drilling wood screws. Special gliders 3933 should be fixed at 14/m to run on back rims of channel so as to keep curtain hanging upright. Fix with secure end covers 3984 at either end.

## Fitting Information

### Fixing points

The fixing distances above are meant as a guide only: in practice they may vary depending on surface and curtain weight.

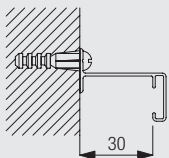

Quick-clip glider 3933 offers easy clipping in and out of profile.
