

Hand Operated Curtain Track System

Silent Gliss® 1225

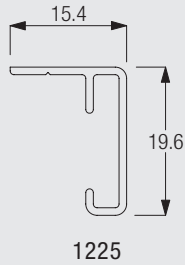

Product Information

- Robust ceiling fix hand operated curtain track for medium weight curtains in contract applications
- Ideal and widely used for hotels, schools, hospitals, etc
- Outstanding gliding properties as glider moves on profile edge, minimizing friction
- The quick-clip gliders 3933 can be easily added or removed without taking track down or apart
- Discreet direct to ceiling fixing to all surfaces. Profile is pre-drilled every 300mm
- Standard colour: white powder coated
- Standard length of the profiles is 5m and 6m

Profile Information

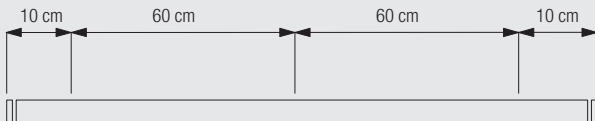

Cannot be bent

Specification Guide - download from www.silentgliss.co.uk (password required).

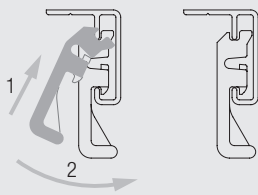

Silent Gliss 1225 hand drawn curtain track in white powder coated aluminium. Fix track to ceiling with screws at every 30cm to timber or plugged and screwed to blockwork. Special gliders 3933 should be fixed at 14/m to run on back rims of channel so as to keep curtain hanging upright. Fix with secure end covers 3984 at either end.

Fitting Information

Fixing points

The fixing distances are meant as a guide only: they may vary in practice depending on surface and curtain weight.

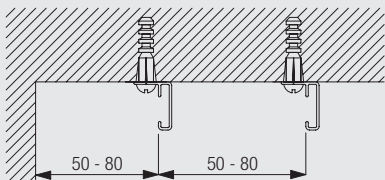

Quick-clip glider 3933 offers easy clipping in and out of profile.

1225

Fitting Options

Direct to ceiling fixing

The final distances may be outside of the recommendations above depending on curtain heading, make-up and any obstructions. Batten thickness depends on length of screw.

Standard Accessories
